

MARINA BOATS GOES GREEN

ECO OFF GRID LIVING

FREE LIMITLESS GREEN ENERGY

Limitless green energy with our bespoke lithium powered system. Electricity generated by solar panels is stored in our 95% recyclable LIFE-PO4 battery banks.

BANK OF LITHIUM BATTERIES

Powerful, cost effective and efficient, Transporter Energy batteries are portable and up to 60% lighter than lead acid batteries. 10 batteries provide 12KW of energy storage.

Our lithium batteries are 95% recyclable and have a 15 year lifespan significantly reducing the effect on the environment compared to lead-acid and gel batteries.

1KW SOLAR PANEL ARRAY

The 1KW solar array provides sustainable power solutions for those looking to create an off-grid alternative to traditional electric supplies.

POWERED BY FREE RENEWABLE ENERGY

INDUCTION COOKTOP

Creating fantastic family food is now easier than ever. There are no dangerous fumes and no fire risk from naked flames, plus, the surface of the hob remains cool even immediately after cooking.

COMBI MICROWAVE OVEN

When it comes to convenience you can't beat a microwave for fast, nourishing food. With the green energy stored in the transporter energy batteries convenient food is available night and day.

DOMETIC 90L FRIDGE

The Dometic Coolmatic MDC 90L refrigerator has plenty of space for your provisions, including a 10l freezer compartment.

NEXGEN UNDERFLOOR HEATING

NexGen is an entirely new way of heating and is completely unobtrusive. Constructed of ultra-thin graphite heating foils it can be installed under the floor and provide heat for the whole home.

INSTALLATION

Our experienced technicians will fit your new marina boat with all of the appliances, the inverter, charger and all of the required cabling.

GUARANTEE

The last thing you want to be worrying about is your battery. That's why Transporter Energy gives you a market leading warranty which covers the battery for any manufacturing defects for up to 5 years, or 5000 cycles at 80% discharge, whichever is sooner.
